PUTTING GUNDAGAI BUSINESS FIRST

VOL: 1 ISSUE: 2

MONDAY, JULY 5, 2010

POINTS OF INTEREST

The following items were discussed at the last Business Houses Group meeting:

- Sign on Mount Kimo and awaiting consultation with the RTA before other consultations take place such as with the community and Council.
- West St Clean Up – what a success this project has been. There was excitement for the second working bee.
- Fundraiser – a general discussion took place with further ideas to be explored and brought back to the group.
- Dump point was discussed with the Railway Station as the preferred location at this stage. Business Houses Group supports the installation of a dump point in town to further attract grey nomads.
- Murals are still being followed up with another two to be completed. A signwriter is being sourced to get these finished.
- Rigorous discussion took place around the current business and economic climate with the group feeling that they need to get the message out to the community to support local business.

This sentiment was to be represented to Council, which occurred at the June ordinary meeting.

CREATIVE WAYS TO GET MEDIA

This has been postponed due to insufficient numbers.

REMINDER BUSINESS HOUSES GROUP MEETING

The next Business Houses Group Meeting is Monday July 5, at 7:00pm in the front room of the Family Hotel.

BUSINESS HOUSES GROUP EMAIL LIST

Not on our email list? Want to receive our news and important updates and reminders from the Gundagai Business Houses Group via email?

TREMENDOUS TREK

Fri 29 Oct - Sun 31 Oct 2010

Thinking about taking part in the Tremendous trek? Well my suggestion would be start training now!

Weekly practice walks have commenced in Gundagai - meet at the Family Hotel at 5.30am on Thursday mornings.

Check out the Tremendous Trek website for more information www.tremendoustrek.com.au.

Unleaded Petrol Storage Systems Regulations 2008

Representations have been made to the Member for Burrinjuck regarding the matter, who has made a representation to the responsible Minister.

Concerns have been raised about the impact this will have on small regional communities in NSW, which will hopefully be addressed.

Information can be obtained from www.environment.nsw.gov.au.
