

Councillor
William Maslin

26 April 2009

For Immediate Release

Councillor William Maslin said today, the New South Wales Election Funding Authority has published Councillor and Candidate Election Funding declarations on the EFA website.

"I think that with the amount of money that was spent by candidates at the 2008 elections shows that candidates took the Local Government Elections seriously," Cr Maslin said.

The total declared spend for Gundagai was \$1,649.25 compared to Tumut of \$2,074.75, Junee \$655.12 and Coolamon nil.

"Sadly though, in my opinion, I don't think that all of the Gundagai declarations are a true representation of what was actually spent during the election period, and therefore some have not taken their obligations under the Election Funding and Disclosures Act 1981 and Election Funding and Disclosures Regulation 2004 seriously," Cr Maslin said.

Declarations can be viewed by visiting www.efa.nsw.gov.au and following the links to the declarations page.
