

Councillor **William Maslin**

For Immediate Release

4 March 2011

St Pat's students request Cr Maslin's autograph!

Gundagai Shire Councillor, William Maslin, today visited St Patrick's Parish Primary School to give a presentation on Local Government and its role in the local community.

The year three students were very aware of the role that Council's played in the local community.

"Students asked a great range of questions from the local services that Council provides such as the swimming pool and library right through to the complex issue of rural rates," Cr Maslin said.

The St Patrick's students are learning about Local Government as part of their studies and are finding some interesting differences between Councils.

"It's great to see the youngsters interested in local politics and perhaps there maybe a future Councillor in the class.," said Cr Maslin.

The visit was concluded with a photo with Cr Maslin and students were provided with a complimentary writing pad for note taking in class! Cr Maslin enjoyed a few minutes as a celebrity with all the students requesting his autograph – no doubt to be kept for many years to come!

End.
